Come and try Bobsleigh, Luge or Skeleton with the Army. The Army Ice Sport Camp is an annual event run in order to introduce novices to the ice sports of bobsleigh, skeleton and luge.

This event provides the chain of command with an excellent opportunity to afford soldiers the chance to experience one of these three exhilarating disciplines.

Although these activities demand concentration, courage, physical fitness and decision-making under pressure they are very rewarding. It will be an experience you won't forget in a hurry!
